

**WORKFORCE CENTRAL**  
**RFP#WIOA-OSSO-07-13-2018**  
**BIDDERS QUESTIONS AND RESPONSES**

<b>BIDDERS' QUESTIONS</b>	<b>WFC RESPONSES</b>
<p>1. In Section D: Narratives and Budget, it asks the bidder to: a. please describe in detail your capacity, expertise, and demonstrated knowledge and experience in the following: As a subject matter expert, facilitation of multiple partners to reach workforce development related objectives/goals. We are assuming that “subject matter expert” refers to both Workforce Development and facilitation and NOT simply facilitation. Is this correct?</p>	<p>That is correct. As the overseer of the WorkSource Pierce system we expect the operator to be able to provide expertise in the workforce development matters and as facilitator for multiple partners and stakeholders.</p>
<p>2. The budget sheet requirements indicate that the Operator is responsible for providing all equipment, including computers and other office supplies (paper, ink, etc.). Will Workforce Central be providing any of that or is it solely the responsibility of the operator?</p>	<p>As a contractor, we expect the operator to provide its own equipment but WFC has excess usable equipment that can be loaned to the operator. For office supplies and others, the Operator as one of the tenants in the Job Center will participate in a Resource Sharing Agreement (RSA) whose cost will include some of the center’s common supplies.</p>
<p>3. Is there any travel outside Pierce County? If so, how much is estimated and where?</p>	<p>We don’t expect any travel outside the Pierce County area as part the OSSO’s responsibilities.</p>
<p>4.</p>	
<p>5.</p>	
<p>6.</p>
