

### Workforce Innovation and Opportunity Act (WIOA) Policies and Procedures

# **ETO Data Validation and Documentation Policy**

POLICY NUMBER: 1011, Rev. 1

**REVISION DATE: 9-15-21** 

Supersedes: ETO Participant File Documentation Policy & Procedures, effective 12-4-20

#### **PURPOSE**

This policy communicates WorkForce Central's WIOA Title I program data validation requirements and provides instruction for the uploading of source documentation pertinent to the eligibility determination, program enrollment, and delivery of services to WIOA Title I enrolled individuals into Washington State's Management Information System (MIS), known as "Efforts to Outcomes" and commonly referred to as "ETO".

This policy is revised to align with WA State Employment Security Department's (ESD) Policy 1003, Rev. 2-Data Element Validation and local ETO documentation practices.

### **BACKGROUND**

As a recipient of WIOA Title I funding, WorkForce Central and it's WIOA Title I funded service providers are required to maintain and report accurate and reliable program and financial information to the Department of Labor (DOL). Data validation requires ESD, WorkForce Central, and WIOA Title I funded service providers to ascertain the validity, accuracy, and reliability of participant data submitted to DOL, as set forth in Section 166 of the Workforce Innovation and Opportunity Act (WIOA).

In addition, modern time saving and cost cutting business practices embrace the elimination of paper "hard files" for storing participant source documentation used in the data validation process. Case management and compliance oversight is most efficient when source documentation is stored in a common and secure virtual database. Common virtual case file documentation practices across WIOA Title I programs ensures consistency, increases accuracy, and contributes to lean practices.

#### **POLICY**

It is WorkForce Central's policy to ensure, to the maximum extent feasible, the accuracy of the data entered by WIOA Title I programs into ETO. WorkForce Central's WIOA Title I funded service providers must upload and record all source documentation and case notes related to the demographics, eligibility determination, program enrollment, and provision of services to WIOA Title I enrolled individuals into ETO as outlined in this policy. Source documentation for required data elements are located in TEGL 23-19, Attachment II, and ESD's Policy 1003, Rev. 2, Attachment B.

WorkForce Central will conduct ongoing reviews of ETO records to ensure compliance with this policy and to validate the accuracy of information recorded in ETO. ETO reviews may include but are not limited to desktop review of ETO records and the review of ETO reports. WorkForce Central will provide training and technical assistance as appropriate, but not less frequently than on an annual basis.

To ensure consistency and accuracy of the uploading of data validation source documentation into ETO across all WIOA Title I programs in Pierce County, WorkForce Central's WIOA Title I service providers are required to comply with the following procedures when recording services and other data, uploading documents, and recording case notes into participant ETO records.

Providers are authorized to upload documents in addition to those referenced in this policy. Providers must ensure a consistent naming convention and consistent ETO filing system for these additional documents.

# TIMELINE FOR ETO DATA ENTRY, UPLOADING DOCUMENTS, AND RECORDING CASE NOTES

Real time and accurate ETO data entry is imperative. DOL requires the collection and reporting of "accurate and timely information about individuals who receive services through programs authorized under the law" (20 CFR WIOA Joint Rule, Department's response on page 55793) and further describes the states' responsibilities for ensuring valid and reliable data collection in 20 CFR 677.240. ESD's policy 1003, Rev. 2 (and subsequent revisions) and WIN 0082, Rev. 1 (and subsequent revisions) describe the state's requirement for data validation and timely ETO data entry requirements.

ESD's WorkSource Service Catalog, located at ESD's Workforce Professionals Center website, Technology tab is the source of all qualifying services. Service Providers are required to review the Services Catalog on a regular basis to ensure their knowledge of available services and definitions is maintained. Services must be attached to the correct program of enrollment, align with the objectives, outcomes and deliverables associated with the program of enrollment and that of the participants' individual employment and training goals, and be documented in case notes. Case notes must support the data recorded in ETO including participant demographics, eligibility, services provided, and outcomes of services.

WIOA Title I service providers must record services, upload supporting data validation source documentation, and record case notes corroborating participant eligibility determination, program enrollment, services provided, and outcomes of services in real time. If real time data entry is not possible, service providers have seven (7) calendar days to record services, upload applicable documentation, and record case notes. Dates of services recorded in ETO must reflect the date of the actual service.

If services are entered beyond the 7-day allotted timeframe, the reason for the late entry must be recorded in case notes. The Department Head assigned to each Service Provider must document in case notes the service that was recorded late, the reason for the late entry, and that the Department Head reviewed and approved the late entry. Department Head case note requirements are not applicable for all other late ETO entries or corrections to an ETO record. The reason for all other late entries or corrections to an ETO record must be documented in case notes and can be recorded by the case manager.

WorkForce Central and ESD will monitor ETO and case notes to ensure compliance with these requirements.

### **UPLOADING & RECORDING PROGRAM ELIGIBILITY AND ENROLLMENT SOURCE DOCUMENTATION**

Supporting source documentation for program-specific eligibility data elements and program enrollment must be in compliance with WorkForce Central's WIOA Program Eligibility, Enrollment & Documentation Policy Handbook, located at WorkForce Central's Policy Library and with ESD Policy 1003, Rev. 3, Attachment B.

**All WIOA Title I Program Participants:** The following must be uploaded and/or recorded into ETO for all WIOA Title I enrolled participants in the sequence listed:

- A completed paper or ETO WIOA Application/Registration Form: If using a paper WIOA Application/Registration form:
  - Upload the document to the "Uploaded Files' touchpoint in ETO.
  - o Title the document, "WIOA Registration Form".
  - Cite the location of the WIOA Application/Registration form in the program enrollment case notes located in the ETO WIOA Eligibility touchpoint.
- <u>Pierce County or City of Tacoma Residency:</u> Pierce County and City of Tacoma residents receive priority for enrollment into WorkForce Central's the WIOA Title I programs. Non-Pierce County residents

may be enrolled on a case- by-case only if approved by WorkForce Central Contract Manager or designee. Enrollment of non-Pierce County residents will require coordination with the Workforce Development Council (WDC) of residency. Management approval and coordination with the WDC of residency must be documented in case notes recorded in ETO.

- Cite the documentation used to verify residency in case notes and direct the reader to the specific ETO touchpoint to locate the documents (e.g., WIOA Eligibility or Uploaded Files touchpoints).
- o If documentation for eligibility purposes is also used to verify residency, add, "verification of residency" to the title of the document when uploading the document in the WIOA Eligibility Application touchpoint. For example, if a picture ID was used to verify age and/or eligibility to work in the U.S. and the ID was also used to verify residency, titled the document, "ID, verifying age/eligibility to work in U.S., and residency".
  - If using a utility bill or other document not utilized to verify eligibility, upload the document to the "Uploaded Files" touchpoint and title the document, "Verification of Residency".

## Program Eligibility:

Upload the applicable source documentation used to validate the participant's demographics and eligibility criteria into the appropriate field.
- There are a variety of source documents authorized to validate eligibility. The key is titling the document what it is and what the specific eligibility criteria the document is validating. For example:

  - School status at enrollment (Youth Only): When uploading source documentation other than a self-attestation (e.g., paper or ETO WIOA Applications) to verify school status at enrollment such as a GED certificate, High School diploma, attendance record, transcripts, etc., open the "Demographics" tab in the WIOA Eligibility Application touchpoint and upload the source documentation used to verify school status at participation. Title the document what it is such as, "ISY verification-transcript" or "OSY verification-dropout letter".
  - When uploading Dislocated Worker program eligibility source documentation, title the document what it is such as, "Notice of Layoff", "Verification from Employer", "DD-214", "Spouses PCS Orders", etc.

- Required Notifications: Individuals seeking WIOA Title I program services must be provided the
   <u>Authorization to Share Confidential Information and Records Form.</u>
   By signing the form, individuals
   are attesting they have read and understand how their information will be shared and protected
   amongst the WorkSource Pierce partnership. Individuals must also be provided the opportunity to sign
   a statement acknowledging they understand their Equal Opportunity (EO) and Non-Discrimination
   rights and have received the EO Notice. The EO notice is incorporated in WorkForce Central's

  - Upload the request and approval into the Uploaded Files touchpoint.
  - Title the documents uploaded into ETO, and the case notes recorded in ETO, "Low Income Exception-5% Window".
- Objective Assessment (OA): To become a participant in the WIOA Title I Youth (Young Adult)
  Program, the young adult must first receive an Objective Assessment (OA) followed by the
  development of an Individual Service Strategy (ISS). Per <u>TEGL 21-16</u>, an OA must include a review of
  the following for the purpose of identifying appropriate services and career pathways for the WIOA Title

- Old If recording the OA in standalone case notes only (select Review Seeker/Participant Touchpoints on the participant's dashboard, then select Case Notes, Take New), list each of the OA elements identified above with the result of that specific assessment detailed in the body of the case note, followed by a brief description of the service plan (ISS) created as a

result of the assessment. Title the case notes, "OA-ISS Case Notes". For example:

Example OA-ISS Case Note 6-1-21:

- Basic Skills: John's most recent report card reflected a failing grade in Literature. He stated he doesn't enjoy writing. Services Planned (ISS): We will schedule a future meeting and develop a plan to address his writing challenges.

  - As services occur, or as service strategies change, record the activity, the outcome of the
    activity, reason for changes to the service strategy, new planned services, etc. in case notes.
    Title the case notes "ISS Update Case Notes".
  - In addition to updating the ISS on an ongoing basis to reflect real-time services and/or changes to the service strategy, the service provider must formally review the ISS with the participant on a quarterly basis and update the ISS accordingly at that time. ## **Scanning and Shredding Requirements**

WorkForce Central follows the Washington State Archive's procedures for scanning and destroying documents. Full procedures for destruction of materials after scanning are located at the WA State <u>WA</u> State Archives "Requirements for Destruction of Non-archival Paper Records after Imaging"

All documents uploaded into ETO must be complete, accurate, and legible copies of the original records. ## **DEFINITIONS**- ESD Policy 1003, Rev. 2:

**Data Validation:** A series of internal controls or quality assurance techniques established to verify the accuracy, validity, and reliability of data.

**Data Element Validation (DEV):** The federally mandated process by which the state annually assesses the accuracy of prescribed data elements in randomly sampled participant files against source documents in program files for compliance with federal definitions (refer to <u>TEGL 7-18</u>).

**Self-Attestation:** Self-attestation occurs when participants (applicants) state their status for a particular data element, such as pregnant or parenting youth, and then signs and dates acknowledgement forms. The key elements for self-attestation are: (a) participants (applicants) identifying their status for a data element and (b) signing and dating a form attesting to this self-identification. Self-attestation can also be in the form of a signed and dated WIOA eligibility application that is in paper format or either of two electronic formats (a scanned and uploaded copy of the paper document or an application in the state's case management system with the participant's date-stamped electronic signature). **WorkForce Central authorizes self-attestation via a signed and dated paper WIOA application/registration form or the electronically signed ETO WIOA Application.**
