## Data Entry and Quality Assurance

---

Providing WIOA Title I Young Adult Services requires significant data entry and tracking in Efforts to Outcomes (ETO), WA State's management information system.

Monitoring and quality assurance activities are ongoing, requiring one employee assigned specifically to quality assurance.

## Staffing Requirements

---

Case Managers will need ability, knowledge and time to provide direct services AND perform accurate, timely data entry.

The selected organization is expected to complete hiring and WorkForce Central-provided training by the end of the third contract month and be ready to fully deliver services.
